Aakash Jha

||B.Tech 2nd year || Computer Science Engineering Student at ABES Institute of Technology

📍 Delhi, India

Aakash Jha is currently pursuing B.Tech in computer science at ABES Institute of Technology.

An energetic student of 3rd semester in Computer Science Engineering, blending a love for coding with a flair for problem-solving. Enthusiastic about diving into cutting-edge technologies like Full Stack development . On a mission to turn creative ideas into functional solutions and collaborate with fellow tech enthusiasts.

Let's connect and work together to build new technologies!

Till now, I have done all these Programming languages and FrameWorks 💡 :

• HTML	• CSS	• JavaScript	• React	• BootStrap
• Python	• Mysql	• php	• Flask	• Django
•Python-Mysql Connectivity	• C	• C++		

Schooling 📚

I completed class 12(92%) and class 10(88.4%) from Kendriya Vidyalaya Delhi.

College 📖

ABES Institute of Technology

Computer Science Engineering (CSE)

Projects 👩‍💻💡

1) Student Management System by using Python and MySQL
2) Create this website with my friend (Shubham Tiwari) https://sites.google.com/view/blaze-butterfly/material/memories-of-childhood/the-cutting-of-my-long-hair

3)Calculator (using HTML , CSS and JS)
